

# Strategic Staffing

## Enhance & Upskill Cybersecurity Resources

The need for cybersecurity skills and resources in a labor market that can't deliver can overburden your team and leave your organization vulnerable to threats.

Our Strategic Staffing services fill your organizational gaps quickly and improve the efficiency of your security operations and controls. Our industry-leading architects, engineers, and analysts support every major cybersecurity discipline and technology, ranging from short- to long-term assignments. It's your team, only better.

### Daily Operations

Critical, routine security operations require ongoing diligence for optimal effectiveness. We provide skilled support for essential security function to free your in-house team.

**Assess & Analyze:**

Views and screens alerts to prioritize risks.

**Investigate:**
